## Junior Orange Bowl Community Service Program

For the past 73 years, the Junior Orange Bowl, a 501(c)3 non profit organization, continues to inspire and empower the South Florida community and Youth of the World through competitive athletic, artistic, and multi-cultural experiences. These events draw an estimated 7,500 participants from more than 76 countries each year while giving us the opportunity to develop future festival events. Our Sports Ability Games host physically and cognitively challenged youth in a fun-filled day of track races and field events.

Community service is an integral part of the education of our nation's youth. Through service to others, students improve their self-esteem, develop a sense of responsibility, and develop sensitivity to the needs of others and the community as a whole. Thank you for donating your time and talents to serve us! This letter serves as confirmation of your volunteer hours. Please enter your name, school and grade below.
